The Britannica Vision

At Britannica Education, our purpose is to empower educators to create engaging and meaningful learning experiences that ignite curiosity in their students. We believe that every student has the ability to learn and grow, and we are committed to supporting educators in their efforts to help their learners reach their full potential.

To achieve this goal, we take a distinct approach that combines an expansive and diverse collection of educational resources, including nonfiction articles, images, videos, and interactive activities, with ongoing professional learning and support for educators. We believe that by providing PreK-12 educators with the tools and support they need, we can help them create a learning environment that inspires and engages learners of all abilities.

Our products and services include a vast selection of standards-aligned digital curriculum resources, assessment tools, and professional learning programs that are designed to help educators effectively and efficiently plan, deliver, and assess instruction. Whether you are a teacher, curriculum specialist, or administrator, Britannica Education has the go-to support you need to help you succeed in your role.

Britannica ImageQuest Jr.

An image and video database designed for young learners!

Britannica ImageQuest Jr. provides carefully curated, age-appropriate images and video clips covering topics taught in grades Pre-K to 5th grade. Enjoy a mobile-friendly, age-appropriate, and simplified interface that includes bright colors, animations, and enhanced visuals specifically designed for younger learners.

Many trusted media sources have joined with Britannica to provide the best and broadest offering of curriculum-relevant imagery, videos, and clip art-materials (infographics, signs and symbols, graphic concepts and cool vector illustrations), all rights-cleared for educational, non-commercial use.

Galleries

On the ImageQuest Jr. home page you'll find carefully curated, age-appropriate galleries of images and videos clips to explore! Browse the best quality images and videos of our most popular searches to easily find the content you're looking for. Fun animations and visuals spark student interest and support learning!

Sharing

Share your search results by downloading media files directly to your device. Email images and videos to other Britannica users. Copy a direct link or share media to Google Drive or Google Classroom!

Media Tools

All images and videos come with citations in all four formatting styles. Use the heart icon to save media to your personal My Britannica account, download directly to your computer, or print images instantly!

Saving Media

Easily save media as favorites by clicking on the heart icon under each image or video. Use your personal My Britannica account to permanently save images and videos and organize them into albums for later use. Add notes to an album or share it to support digital learning!

Save Media

Students can easily save content by clicking on the heart icon under each image or video. Content can be saved for a single session when not logged in to a My Britannica account. Login to your account to permanently save and access your favorited content and creating albums!

Favorites and Albums

Access your saved media pieces through the heart icon. From here you can easily create a new album and add favorited images and videos to it. Easily edit album name, add notes, and share your album with others!
