Meet the go-to resource for today's classrooms

Encourage exploration and discovery for learners from Early Elementary to High School.

Britannica School offers a safe, trustworthy platform designed to make learning engaging and accessible for all ages and learning abilities. With four distinct levels – Early Elementary, Elementary, Middle, and High – and accompanying standards alignments, Britannica School meets students and educators where they are and helps them thrive.

Guided Tour • Britannica School britannicaeducation.com/britannica-school © 2025 Encyclopædia Britannica. Inc.

Articles

No matter the level, Britannica School's articles are designed for quick navigation and readability, making information easy to find, engaging, and accessible. The layout reduces cognitive load, helping students stay focused.

Numerous pieces of hu reated debris are in orbit over the Earth, endangering future space.

Article Media Gallery

Preview all media – photos, interactives, illustrations at the top of each article, with a Jump to Article tool for quick access.

Inline Visuals

Photos, videos, and interactives are embedded directly within articles to provide context and enhance readability.

From pigeons in big cities to penguins in Antarctica, all birds have similar features. They all have wings, though they cannot all fly. All birds also have feathers. In fact, birds are the only living animals that have feathers.

ENGLISH ESPAÑOL			×
Ant*arc*ti*ca	geographical name	\(`)ant-'ärk-ti-kə, -'ärt-i- \	4 1)
• body of land around t	he South Pole; plateau	covered by great ice cap

Bulleted lists and fun facts break up text, making it digestible and engaging.

MOONS

Six of the eight planets have at least one moon. Venus and Mercury are the planets that do not have a moon.

O Introduction	
Where Plants Grow	
🗸 Types	

All plants belong to one of two main groups, vascular plants and nonvascular plants. Vascular plants have special tissues, called xylem and phloem, that carry water and food throughout the plant. Vascular plants also have roots, stems, and leaves. Vascular plants include herbaceous plants, shrubs, and trees. Herbaceous plants have soft stems. Shrubs and trees have woody stems.

Table of Contents

Easily navigate articles using the accordion table of contents, enabling students to jump to specific sections effortlessly.

Literacy Support

Support independent learning with read-aloud, word-by-word highlighting, and a quick-click Merriam-Webster dictionary.

Navigation and Learning Features

Navigate effortlessly with Britannica School's all-in-one toolbar, right within every article. Centralized tools save time on non-learning tasks: print, cite, adjust fonts, toggle reading level, and share directly to **Google Classroom, Microsoft Teams, or Google Drive** for easy classroom integration.

Navigator Tool Across Learning Levels

Why Are Some Features Grayed Out in Translated Articles?

When you use the Google Translate tool on Britannica School, some features – like Cite, Save, Send, and Read-Aloud – are disabled. This is because the translated version is generated by Google, not Britannica.
