Engaging New Article Formats

Britannica School's new Elementary and Middle level article pages have been redesigned to enhance readability and engagement.

Navigation buttons allow you to jump from specific sections with ease.

Bulleted lists and fun facts break up text, making information digestible.

Inclusive features such as the OpenDyslexic font improve accessibility.

Enhanced Tools and Learning Features

We've made significant updates to enhance engagement and create a more user-friendly experience.

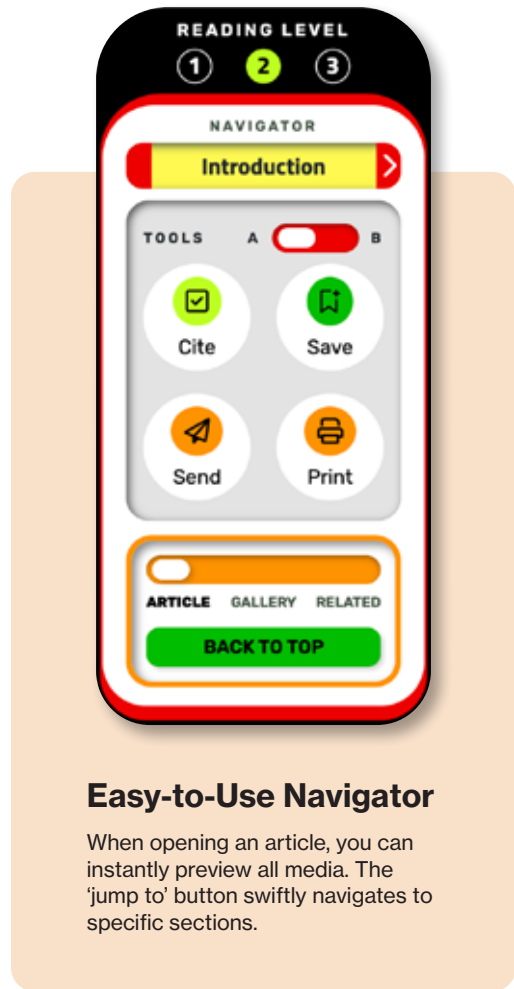

Inline Visuals

View photos, videos, and interactives directly within articles, aligning concepts with vivid media for direct correlation.

Article Media Gallery

When opening an article, you can instantly preview all media. The 'jump to' button swiftly navigates to specific sections.

Easy-to-Use Navigator
