"Overall Early Childhood Education Solution of the Year"

Early Elementary (Grades PreK-2)

Build curiosity and confidence

- Images, short videos, and simple texts with read-aloud tools for pre-readers and English learners
- Interactive games and engaging activities!

In the classroom: Ideal for stations, early research skills, and introducing nonfiction for foundational learning.

Elementary (Grades 3-5)

Spark inquiry and engagement

- Age-appropriate articles on animals, science, history, and more
- Vocab support and reading level adjustments for diverse learners
- Integrated tools for citations, note-taking, and comprehension

In the classroom: Perfect for research projects, science and social studies integration, and independent learning.

- Safe, reliable content in multiple modalities
- Citation tools
- Text-to-speech and translation to more than 100 languages (powered by Google Translate)
- Single sign-on and LMS integration options available
- Access on any device at any time

What Teachers Say

"Access to the quality content and images in these resources allows our students to produce quality work and that's what we're trying to accomplish."

– Emily Squires, Library Media Specialist

"The videos and pictures actually bring the experience to life for students. It's not just reading what's on paper but actually seeing visuals of what that experience is like. That's a very enlightening experience for our students."

– Casonya Henderson, School Principal

"When you have a reliable source, like Britannica, then you won't have the problems with misinformation that we're often encountering in today's world."

– Illinois Elementary School Teacher
