

What does award-winning early learning look like?

Britannica School: Early Elementary
Playful. Powerful. And Now ... Award Winning.

"Overall Early Childhood Education Solution of the Year"

When you fuel curiosity with credible, engaging content, great things happen! And the industry agrees: it's why EdTech Breakthrough's 2025 Overall Early Childhood Education Solution of the Year is none other than Britannica's solution for preK–2 learners.

From "How do bees make honey?" to "Which part of the day is hottest?" Britannica School makes it easy for teachers to integrate in class and for young students to explore big questions—and build lifelong learning skills in the process.

"Britannica School: Early Elementary is designed to ignite imagination and build essential knowledge for young learners."

—Steve Johansson, managing director, EdTech Breakthrough
